Certifications

- **Certified Data Analyst** Udacity USA
- **Google Data Analytics Certificate** Google
- **Tableau Desktop Udemy**
- **Data Analyst Boot Camp Udemy**
- **Microsoft Azure Administrator Udemy**

Technical Skills

- **Programming Languages:** Python, SQL, JavaScript
- **Data Analysis:** Pandas, NumPy, Matplotlib, Seaborn
- **Databases:** MySQL, PostgreSQL, MongoDB, SQL SERVER
- **Data Visualization:** Tableau, PowerBI
- **Development Tools:** Git, GitHub, Visual Studio Code
- **Other Skills:** Excel, PowerPoint, Microsoft Office Suite
- **Web Development:** HTML,CSS,PHP

Professional Experience

Press Operator Staff Management **August 2023 February 2024**

Cabin Cleaner O'Hare Airport Chicago **November 2022 August 2023**

Junior Data Analyst Part Times

NEBULACLOUD USA CHICAGO IL: December 2022 - April 2024

- Collected, cleaned, and organized raw data from various sources to ensure accuracy and consistency using Python libraries (**Pandas, NumPy**).
- Conducted exploratory data analysis (EDA) to uncover patterns and trends, utilizing **Matplotlib** and Seaborn for visualization.
- Prepared detailed reports and created dashboards with **Tableau and Power BI** to present key findings and insights.
- Applied statistical techniques for hypothesis testing and regression analysis to support decision-making processes.

- Managed and queried databases using SQL to extract relevant data, optimizing queries for efficient data retrieval.
- Collaborated with senior analysts and team members, effectively communicating findings through presentations and reports.
- Proficient in Excel, SQL, Python, continuously learning new techniques and tools to enhance analysis capabilities.
